NUMBER OF DEAD WILL REACH SIXTY

Is Certain That Number Were Killed Sunday In

IN THE DRAW BRIDGE ACCIDENT

Car Held Fast in Muddy Bottom of the Thoroughfare and Efforts Made to Dislodge It Produced Little Result, and Dynamite Might Be Used.

Atlantic City, N. J., Oct. 31.—With all the recovered bodies identified and seven persons reporting missing, the authorities and railroad officials are certain that the number killed on Sunday in the draw bridge disaster on the West Jersey and Seashore Electric railroad will not exceed sixty. Fifty-two bodies have been claimed, two of those placed among the missing are known to be dead and five are still unaccounted for.

These seven victims are believed to be wedged beneath the second passenger coach, which is held fast in the muddy bottom of the Thoroughfare. Efforts Monday night to dislodge this car produced little result.

The ponderous truck weighing about one hundred tons have sunk deep into the mud. As a last resort, it was suggested that the wreckers use dynamite to blow up the car, but this will not be done unless all other plans fail.

The inquest will begin on Thursday and Coroner Haskell thinks it may be a week or more before a verdict is reached.

Inspection Before Marriage.

Chicago, Oct. 31.—Wedding bells will ring only for those happy young persons who succeed in passing a state inspection test, if the ideas of the American Stock Breeders association are carried out. The association has turned for the moment from the consideration of cattle, sheep and horses, to the culture of humans and it will be the ultimate business of the committee of eugenics, just appointed, to keep an eye out for ill-mated pairs. A marriage censorship may result if the inspection idea proves practicable.

Thomas Dixon Seeks Lawyers.

Raleigh, N. C., Oct. 31.—Thomas Dixon, who expected to go to Wilson, where his company is playing "The One Woman," left hurriedly for New York, his principal reason for going being to consult his lawyers regarding the action he should take as to the stoppage of his play, "The Clansman," by the Philadelphia authorities. He has been sick here for two days and looks very haggard. He says he has been overworked for two years or more. He will rejoin his company in a few days.

Attempted to Demolish Bridge.

Youngstown, O., Oct. 31.—An attempt was made early Tuesday to wreck the new Baltimore and Ohio bridge in the eastern part of the city. Two men, one carrying a package under his arm, were seen approaching the bridge by a target man. A heavy explosion followed shortly afterwards. The bridge, though badly shaken, was not put out of use. The man and his companion escaped on a westbound freight train, which was searched at Newton Falls, but no one was found.

Japanese Pleased with Action.

Tokio, Oct. 31.—The Japanese government is pleased with the action of the Washington authorities and believes that a satisfactory result may be confidently expected from Secretary Metcalf's mission to San Francisco in connection with the exclusion of Japanese children from school attended by white children. It is believed here that the acute stage in the matter has been passed and it can be said that no anti-American feeling, exists here in any form.

All Quiet at Warsaw.

Warsaw, Oct. 31.—Up to noon this city has been perfectly quiet. The streets are patrolled by cavalry and detachments of artillery are posted at strategic points as a preparation against all eventualities.

APPREHENSION HAS ARISEN.

Over Disappearance of a Band of 100 Crow Indians.

Butte, Mont., Oct. 31.—A special to the Miner from Sheridan, Wyom., states that considerable apprehension has arisen there over the disappearance of a band of one hundred Crow Indians, who are reported to have left in the direction of the camp of the renegrade Ute Indians.

What the mission of the Crows is can only be conjectured, but well informed settlers are of the opinion that the Crows, who are traders, are too well informed as to strength of the whites, and their mission to the Utes is to dissuade them from attempting to fight the troopers. According to the present program, the Tenth and Sixth cavalry should effect a juncture this evening, the Sixth being due early today over the Burlington. When the Crows heard of the approach of the Sixth, they immediately pulled stakes and went in the direction of the Utes, as if convinced that the soldiers meant business.

High License for Savannah.

Savannah, Ga., Oct. 31.—The ministers of Savannah have entered determinedly into their fight for high license for the saloons. They want the license $1,000 to drive out all the low dives and to diminish the number of barrooms in the city. At the next meeting of the ministerial association a call for a mass meeting to form an organization with this end in view will be issued. It is urged in opposition to the crusade of the ministers that 20 years ago Savannah had one-half the population it now has and there were more saloons. The records of the city show 262 liquor dealers now, while in 1886 there were 304.

Marked Improvements Industrially.

San Francisco, Oct. 31.—Marktd improvement has been noted in all industrial lines in California during the month of October and data secured by the California Promotion company shows that the entire state is benefiting by the era of prosperity. More than 30,000 people have come to the state on this fall's colonists' rates, who have settled in all localities. Demand for labor is insistent, especially in the skilled building trades. Los Angeles and all the cities of the interior and coast valleys feel this shortage in supply. Since the fire, more than 6,000 buildings have been erected in San Francisco's burned districts.

Washington, Oct. 31.—Chairman T. P. Shonts, of the Ithman canal commission, accompanied by Mrs. Shonts, and their daughters, the Misses Shonts, has gone to New York preparatory to sailing for the isthmus of Panama. On the fifth of November the engineering members of the commission, Rear Admiral M. T. Endicott, Brigadier General P. C. Hains and B. M. Harrod, will sail for the isthmus on the steamer Alliance.

Dearth of Labor.

Washington, Oct. 31.—Through their efforts to obtain labor on the work of the isthmian canal, the members of the canal commission have found that there is a dearth of labor in all parts of the world. So great is the demand for labor connection with railroad building and other work on a large scale, countries which have formerly sent thousands of laborers to this country monthly, are now using their labor at home.

"To hell with the president of the United States."

Captain Kraft entered the jail at 3 o'clock and an hour later was released. About a month ago United States Marshal Stone boarded Capt. Kraft's boat to serve a legal paper and the captain threatened to throw him overboard. The officer said he represented the president, and the captain, after making the remark noted, started toward the marshal, who left hurriedly. The following day Marshal Stone made an information against Captain Kraft charging him with obstructing a federal officer. Captain Kraft was repentant and the extreme mercy of the court was shown him.

Hanover, N. H., Oct. 31.—Fire, which started at 2 o'clock Tuesday morning in the Bridgeman block, aroused the whole town and brought nearly all the students of Dartmouth college to the scene to help fight the flames. The Hanover firemen were also assisted by the Lebanon company, but the united efforts of firemen and student failed to stop the blaze until it reached the new brick wall of the Davison & Ward block. George Rand & Son, the Allen Drug company and the Clark millinery establishment were entirely burned out. Besides these, the lodge books of the Independent Order of Odd Fellows and the D. K. E. Fraternity, with all their furnishings, were destroyed. It is estimated that the loss will reach $100,000; fully insured.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. JUDGE CARTER TO OCALA.

Will Represent Defendants in Case of Doing Business Without License.

Judge Syd L. Carter left Wednesday for Ocala, where he was summoned to represent the defense in the case of the State vs. A G. Reynolds, agent for the Wrought Iron Range Company of St. Louis, who is now soliciting business in Marion and Sumter counties.

The case is similar to that which transpired in this county with the same people. The trouble arises from the fact that Manager Reynolds refused to pay a county license, when one of his salesmen, Mr. Crouch, was arrested and imprisoned in the jail at Inverness. He immediately gave bond, however, and a writ of habeas corpus was secured through Judge Carter. The hearing will come before Judge Bullock at Ocala today.

Mr. Reynolds won out at the trial in this county.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

THOMAS-ROLLINS.

Marriage of Two Popular Young People at Rochelle, Sunday.

At 8 o'clock on the morning of October 28th, the home of Mr. and Mrs. Thomas, Rochelle, was the scene of one of the most perfectly charming house weddings it has ever been the happy privilege of the writer to witness, the occasion being the marriage of Miss Lillie, daughter of Mr. and Mrs. S. A. Thomas, to Benjamin H. Rollins of High Springs.

The lovely house was most beautifully and tastefully decorated with flowers and evergreens. At the appointed hour the family and guests assembled in the parlor. The bride and groom appeared, taking their place under a lovely arch of flowers and evergreens. The ceremony was performed in an impressive manner by Rev. E. B. Clark of High Springs.

The bride was becomingly attired in a white organdy traveling costume with hat to match, and was a picture of loveliness, while the groom wore the conventional black, and looked handsomer than usual.

After the happy couple were pronounced husband and wife and congratulations had gone around, an hour and a half had quickly glided by, and the time had come for the party to separate.

The bride and groom had soon said the good-byes, and amid showers of rice, old shoes and best wishes they took carriage to the train for their future home, High Springs, where the groom has extensive business interests.

The wedding was a very quiet one, only the near relatives of the family and a few close friends being invited.

The bride is well known, and her circle of friends too large to make it necessary to say more than that she was a most charming and popular young lady, loved by all who knew her.

The groom is a young man of sterling business qualities and principles, and whose integrity and standing as one of the foremost business men of his community is well known throughout that part of the State. He has a lovely home and an extensive business at High Springs.

The prospects for the future of this happy couple are unusually bright, and their happiness seems to be assured.

Stensland, fromer president of the Milwaukee Avenue State bank, and now a convict in the oliet penitentiary, returned to Chicago Tuesday in the custody of an officer to testify in the trial of Henry W. Hering, the former cashier of the bank, whose trial commenced Tuesday. At the opening of court, it was thought that the greater part of the day would be consumed in the effort to obtain a jury.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

Ide Returns to 'Frisco.

San Francisco, Oct. 31.—Henry Clay Ide, late governor general of the Philippines, arrived here Monday on the liner Hong Kong Maru accompanied by his daughter, Miss Marjorie Ide. He has come home after more than five years' service in the Far East to attend the marriage of his daughter to Bourke Cockran. The wedding will take place at the Ide home in St. Johnsbury street, shortly after the governor's arrival.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Gored to Death by Bull.

New York, Oct. 31.—Mrs. Magdelina Burger, wife of Ora Burger, a farmer residing 3 miles from Port Jarvis, Pa., was gored to death by a bull on her farm. She had gone for wood in a field in which the bull was grazing.

Bilious Attack Quickly Cured.

"A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man."—H. C. BAILEY, Editor of The News, Chapin, S. C. These tablets are for sale by all druggists.

A DELIGHTFUL MEETING.

Union District Meeting at Williston Was a Grand Success.

The Union District Meeting of the Woman's Home Mission and the Woman's Foreign Mission societies of Gainesville District, convened at Williston, October 26-28, and will be happily remembered by those who were so fortunate as to be in attendance.

Williston is a progressive little town. The reception and entertainment committees spared no pains in looking after the comfort and convenience of the visiting body.

Mrs. John E. Futch, Mrs. H. L. Phifer, Mrs. T. W. Shands, Mrs. J. L. Medlin, Gainesville delegation, arrived in time for the reception, which was held at the home of Mrs. John Harvy Friday evening.

The affair was most pleasant, furnishing an opportunity for the visitors to renew old acquaintances, and learn to know and understand better those who had come among them the first time. A beautiful program was rendered, beginning with the welcome addresses, and responded to by Miss Mabel K Zetrouer for the Foreign and Mrs. John E. Futch for the Home work.

The addresses of welcome were most cordial and generous. The responses, happy and appropriate, sparkling with gems of thought. After the rendition of the program delicious refreshments were served, followed by a social half-hour.

Saturday the routine business was taken up. The reports of the district secretaries showed marked advance in the different departments of work. The evening service was very interesting and instructive because of the talk of Mrs. J. D. Rush, State President of the Foreign work, on "The Home Mission Tree." The tree was drawn on a large piece of canvas; its different branches were the work taken up by the society. The tree was a work of art, and Mrs. Rush's explanation most interesting.

Sunday was a day of surprises. Rev. Daiger out-did himself in his sermon on the work of the ladies. The afternoon was given over to Mrs. Rush and Mrs. Bryant and the children, which resulted in the children having seed thoughts planted in their plastic minds. The meeting closed Sunday evening with the organizing an auxiliary to the Woman's Home Mission Society as a result of the meeting being held at Williston. * * *

DANGERS FROM DYSPEPSIA.

Imperfect Digestion Most Prolific Caust of Serious Disease.

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal diseases.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50 cent bottle of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but J. W. McCollum & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

Italian Press Disturbed.

Rome, Oct. 31.—The Italian press is considerably stirred up in the matter of the 20 locomotives ordered from the Baldwin Locomotive Works of Philadelphia, for use on the state railroads and which arrived in Italy August 18. They have not yet been used and the newspapers declare this is because they are too heavy for the Italian roadbeds. In reply the state declares it has not yet had time to assemble the engines.

Tiny Damage Suit.

Columbus, O., Oct. 31.—Attorney Erastus Lloyd filed a suit for damages against the Columbus Street Car company Monday for the sum of 5 cents, the smallest suit for damages ever filed in this city. Lloyd was a football player with the Ohio State university, and alleges that he was refused a transfer when the franchise explicitly declares transfer shall be given.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are NOW OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Barthlow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

Farmers Warned Against Bears.

New Orleans, Oct. 31.—The Mississippi division of the Southern Cotton Growers' Association, through State Secretary Woods, has issued a warning to the cotton growers of that state against the campaign started last week by a clique of New York bears to lower the price or cotton. Attention is called to the slump of $4 a bale, which, if there is no advance, will cost the Mississippi farmers $5,000,000 and a proportionate sum in other cotton producing states. Mr. Woods advocates the organization of a holding scheme among the farmers to oppose the bear raids. He also urges their co-operation in the movement to build fireproof warehouses to store their product and to demand higher prices.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Hartford, Conn., Oct. 31.—Tuesday's business session of the National meeting of the Woman's Christian Temperance union, was the most important of the convention from a business standpoint for officers were elected and final reports of committees were submitted. Killed Husband to Save Wife.

Spartanburg, S. C., Oct. 31.—W. C. Atkins, a well known liveryman, of Williamston, S. C., was shot on Monday and killed by Chief of Police Nelson, of that town. Atkins was alleged to have mistreated his wife, and she appealed to Nelson for protection. When he responded, Atkins drew his pistol and made ready to fire, but the officer fired first, killing Atkins instantly.

Fear for Safety of Cody.

Chicago, Oct. 31.—A dispatch to the Chronicle from Omaha, Nebr., says: Fears are entertained for the safety of William F. Cody, (Buffalo Bill) and his party of 16, who left Cody, Wyom., on a hunting trip in the Big Horn mountains Oct. 14, and who it is feared, may have been lost in the blizzard, which swept over the Rockies a week ago. Included in the party are Colonel Stanley, of Liverpool, Eng., and three other Englishmen.

Cheynenne, Wyo., Oct. 31.—A dispatch to the Tribune from Cody, Wyoming, says that "Buffalo Bill" and his party have safely arrived at the T. E. Ranch, 18 miles from Cody. All of the party are in good health and report fair success in the hunt for big game.

Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

HOW TO ADVERTISE GAINESVILLE.

There is no better way in which to advertise your town and county than to send The Sun to persons residing in other States. A year ago a gentleman of this city sent his check to the editor of The Sun to pay for a number of subscriptions to the semi-weekly edition, requesting particularly that the papers be sent to persons residing in the West and Northwest.

The following is only one of several similar letters received from persons to whom the paper was sent, but none is more appreciated. Mr. Wheeler is secretary of the Washtenaw County Bean Growers' Association of the American Society of Equity, Dexter, Michigan, and his letter shows that the editor of The Sun made no mistake in selecting him as one of the persons to whom the paper should be mailed:

"Dexter, Mich., Oct. 23, 1906.

"Editor Sun: Inclosed find $1 in payment for twice-a-week edition.

"Yours truly,

"K. H. WHEELER.

"The above name has been on your subscription book for a year, and for that length of time The Sun has been a very welcome visitor to our home. We know not who was so kind as to send it to us for so long a time, but we do know we never had a gift more appreciated, and any information in regard to the donor would be appreciated. At first we thought it only a sample copy, not noticing the name particularly, but when the second copy came we saw it was a gift from some friend. We wrote several persons, but failed to learn who sent so good a paper, and every week we have been delighted with it.

We were unacquainted with the State of Florida a year ago, and twice a week we got the Atlas and studied geography, for we had no idea there was such a place as Gainesville on the earth. Now we feel quite familiar with the place usually mentioned in The Sun, and have even grown to know people whose names appear more than once. The Sun has a very pleasing way of mentioning common-place things. We like it very much, and although we have twelve other papers coming to our reading table, "The Little Gainesville," as we affectionately term it, is never overlooked. No matter how pleasing other matters may be, we read The Sun. Mrs. K. H. W. had just returned from a trip to Chattanooga, Tenn., when The Sun first came. She had intended going farther South, but when the health officer met her on board "The Flyer" at Oakdale, Tenn., and demanded her health certificate, she was thoroughly frightened and got off at the first stop. She dared not travel any farther toward Yellow Jack. I have planned to visit Florida before spring, having caught the fever from reading The Sun. If I should find my way to your office some bright day I will extend to you a hand that has been an F. and A. M. for 30 years and a Maccabee for over fifteen. From what I can glean from The Sun I feel as if I was coming among friends. Mrs. K. H. thinks she would like to correspond with some one in LaFayette county, for she says she will want to stay longer than just one season.

Hoping to be able to read "The Little Gainesville" for another year, I am

"Fraternall yours,

"K. H. WHEELER."

The Sun has had its say relative to the drainage amendment, and the question is now up to the people. Not a line that has appeared in this paper has been paid for. Every expression has been the honest opinion of the editor, and any statement to the contrary is an infamous lie, no matter from what source it emanates. If the taxpayers desire the adoption of the amendment it is in their power to adopt it, and they will have no one to blame but themselves for future results.

Many ladies and gentlemen owning fine horses have already announced the intention of entering their animals, which they will ride and drive themselves. A cordial invitation is extended to all horse owners to have their animals entered in the show. Those desiring to do so should write President T. J. L. Brown for particulars at once. There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S.
PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

MILAM KILLED BY ENGINE 36.

Victim Alleged To Be Blanche Bates' Husband.

Atlanta, Oct. 31.—A man who was identified at 2:45 o'clock on Tuesday morning as Sam Milam, advance man of the Wallace Circus, and said to be the husband of the actress, Blanche Bates, was run over by train No. 36, of the Southern road, at 1:30 o'clock Tuesday morning at Peyton, Ga., and instantly killed.

Milam was in Atlanta during the day, and left the city some time late at night on the river car line, and in some way stumbled on the railroad track and was run over by the train.

In his pockets were found a flask of whisky, a bottle of cocaine, and a number of cards bearing the name of Pearl Leroy. When the body was brought to Atlanta she was sent for and identified it. She stated that Milam had stated he was going to leave Atlanta last night for Chattanooga.

Blanche Bates has been notified of his death.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Should Stop Smuggling.

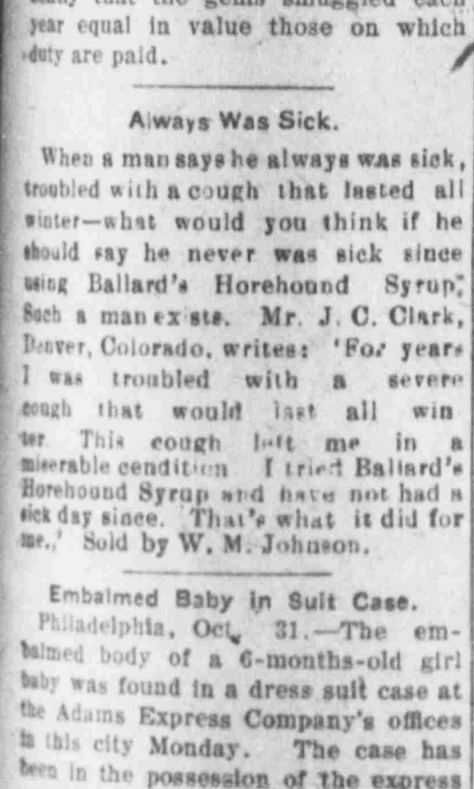
New York, Oct. 31.—Diamond cutters and polishers, through their union here, joined with their employers in declaring that something should be done to stop the smuggling of precious stones. The diamond brokers' protective union is investigating the subject. Officers of the brokers and importers' union, consisting of the chief importers in New York, said recently that the gems smuggled each year equal in value those on which duty are paid.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

Embalmed Baby in Suit Case.

Philadelphia, Oct. 31.—The embalmed body of a 6-months-old girl baby was found in a dress suit case at the Adams Express Company's offices in this city Monday. The case has been in the possession of the express company since July 1, when it was received from Newark, N. J.



Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

My, how we grow! October sales of Blue Ribbon Lemon and Vanilla Extracts broke all previous records. Why? They are absolutely pure, go twice as far and the "Blue Ribbon Flavor" is perfection. Ask for the 25c size.

Owing to the delay in arrival of sewer pipe, the work on the sewerage has been suspended for the present. Contractor Beeman hopes, however, to be enabled to resume work in a few days, as he is desirous of finishing the contract as soon as possible. The force is now working on West Court street.

Prof. Clothier and family of Kansas have rented the LaFontisee cottage, on West Church street, and will occupy same in a few days. Prof. Clothier is connected with the department of agriculture at the University of Florida. Mr. and Mrs. LaFontisee will occupy a portion of the home of Dr. and Mrs. J. W. McCollum.

M. B. Saunders has returned from High Springs, where he went on Tuesday for the purpose of disposing of the drug business of the late Dr. William Sutherland, his brother-in-law. The sale was not made, although four prospective buyers, one from High Springs, one from Alachua, one from Citra and one from Archer, were present. The sale will no doubt be consummated in a few days.

Tax Assessor W. W. Colson has returned from Trenton, where he was called a few days ago on account of the serious illness of his brother-in-law, T. J. Love. Friends of Mr. Love will be gratified to learn that he is improving.

Joel Tucker, formerly of this city but now engaged in the naval stores business at Okahumpka, Lake county, was in the city yesterday. Mr. and Mrs. Tucker have just returned from a pleasant trip to New York. The latter is now at Archer, where she is a guest of her parents.

Mr. and Mrs. D Hicks of Waldo were visitors to Gainesville Wednesday, and while here made The Sun a pleasant call. The latter has been appointed as guardian over their grandchildren—Maceo, Ida and D. Leo—who were recently made orphans by the death of their mother at Williston, the father, Dr. W. D. Hicks, having preceded his wife to the grave by about a year.

J. A. J. Strickland and John Kite were in the city from Hague yesterday. These gentlemen, with two or three friends, have just returned from a fishing trip in Levy county, and had a misfortune which their friends will regret, as their mules broke loose and escaped from Rocky Hammock while they were encamped. The mules were traced within about ten miles of Newberry, and have probably been taken up by some person.

Hon. Alex St. Clair-Abrams of Jacksonville will address the people of Gainesville and Alachua county on the drainage amendment on Friday evening, 7:30 o'clock, in the court house. On Saturday afternoon at 2 o'clock Hon. S. J. Hilburn of Palatka will address the people. It is hoped that there will be a joint debate between Col. Hilburn and Judge Syd L. Carter, who is in favor of the amendment, but this is not probable, owing to the fact that Judge Carter has an engagement in West Florida.

UMBER OF DEAD WILL REACH SIXTY

Certain That Number Were Killed Sunday In

THE DRAW BRIDGE ACCIDENT

Held Fast in Muddy Bottom of the Thoroughfare and Efforts Made to Dislodge It Produced Little Result, and Dynamite Might Be Used.

Atlantic City, N. J., Oct. 31.—With all the recovered bodies identified and seven persons reporting missing, the authorities and railroad officials are certain that the number killed on Sunday in the draw bridge disaster on the West Jersey and Seashore electric railroad will not exceed sixty. Fifty-two bodies have been claimed, two of those places among the missing are known to be dead and five are still unaccounted for.

These seven victims are believed to be wedged beneath the second passenger coach, which is held fast in the muddy bottom of the Thoroughfare. Efforts Monday night to dislodge this car produced little result. The ponderous truck weighing about one hundred tons have sunk deep into the mud. As a last resort, it was suggested that the wreckers use dynamite to blow up the car, but this will not be done unless all other plans fail.

The inquest will begin on Thursday and Coroner Haskell thinks it may be a week or more before a verdict is reached.

Inspection Before Marriage.

Chicago, Oct. 31.—Wedding bells will ring only for those happy young persons who succeed in passing a state inspection test, if the ideas of the American Stock Breeders association are carried out. The association has turned for the moment from the consideration of cattle, sheep and horses, to the culture of humans and it will be the ultimate business of the committee of eugenics, just appointed, to keep an eye out for ill-mated pairs. A marriage censorship may result if the inspection idea proves practicable.

Thomas Dixon Seeks Lawyers.

Raleigh, N. C., Oct. 31.—Thomas Dixon, who expected to go to Wilson, where his company is playing "The One Woman," left hurriedly for New York, his principal reason for going being to consult his lawyers regarding the action he should take as to the stoppage of his play, "The Clansman," by the Philadelphia authorities. He has been sick here for two days and looks very haggard. He says he has been overworked for two years or more. He will rejoin his company in a few days.

Attempted to Demolish Bridge.

Youngstown, O., Oct. 31.—An attempt was made early Tuesday to wreck the new Baltimore and Ohio bridge in the eastern part of the city. Two men, one carrying a package under his arm, were seen approaching the bridge by a target man. A heavy explosion followed shortly afterwards. The bridge, though badly shaken, was not put out of use. The man and his companion escaped on a westbound freight train, which was searched at Newton Falls, but no one was found.

Japanese Pleased with Action.

Tokio, Oct. 31.—The Japanese government is pleased with the action of the Washington authorities and believes that a satisfactory result may be confidently expected from Secretary Metcalf's mission to San Francisco in connection with the exclusion of Japanese children from school attended by white children. It is believed here that the acute stage in the matter has been passed and it can be said that no anti-American feeling, exists here in any form.

All Quiet at Warsaw.

Warsaw, Oct. 31.—Up to noon this city has been perfectly quiet. The streets are patrolled by cavalry and detachments of artillery are posted at strategic points as a preparation against all eventualities.

RAWLINS BOYS AGAIN RESPITED

Governor Terrell Approved the Recommendation

OF THE PRISON COMMISSION

Commission Persuaded to Recommend Another Respite Because of the Fact That Appeal of J. G. Rawlins Is Pending Before Supreme Court.

Atlanta, Oct. 29.—Milton and Jesse Rawlins, and the negro, Alf Moore, Lowndes county murderers, have again been respited by Governor Terrell, the prison commission recommended a further respite, and the governor approved the recommendation.

The respite gives the trio a lease on life for 30 days from Nov. 2.

The prison commission was persuaded to recommend an additional respite because of the fact that the appeal of old man J. G. Rawlins, who planned the murder of the Carter children, is still pending in the United States supreme court, and until it has finally been disposed of the commission does not wish to pass upon the applications of Jesse and Milton Rawlins for a commutation of their death sentence to life imprisonment.

A DELIGHTFUL MEETING.

Union District Meeting at Williston Was a Grand Success.

The Union District Meeting of the Women's Home Mission and the Woman's Foreign Mission societies of Gainesville District, convened at Williston, October 26-28, and will be happily remembered by those who were so fortunate as to be in attendance.

Williston is a progressive little town. The reception and entertainment committees spared no pains in looking after the comfort and convenience of the visiting body.

Mrs. John E. Futch, Mrs. H. L. Phifer, Mrs. T. W. Shands, Mrs. J. L. Medlin, Gainesville delegation, arrived in time for the reception, which was held at the home of Mrs. John Harvy Friday evening.

The affair was most pleasant, furnishing an opportunity for the visitors to renew old acquaintances, and learn to know and understand better those who had come among them the first time. A beautiful program was rendered, beginning with the welcome addresses, and responded to by Miss Mabel K. Zetrouer for the Foreign and Mrs. John E. Futch for the Home work.

The addresses of welcome were most cordial and generous. The responses, happy and appropriate, sparkling with gems of thought. After the rendition of the program delicious refreshments were served, followed by a social half-hour.

Saturday the routine business was taken up. The reports of the district secretaries showed marked advance in the different departments of work. The evening service was very interesting and instructive because of the talk of Mrs. J. D. Rush, State President of the Foreign work, on "The Home Mission Tree." The tree was drawn on a large piece of canvas; its different branches were the work taken up by the society. The tree was a work of art, and Mrs. Rush's explanation most interesting.

Sunday was a day of surprises. Rev. Daiger out-did himself in his sermon on the work of the ladies. The afternoon was given over to Mrs. Rush and Mrs. Bryant and the children, which resulted in the children having seed thoughts planted in their plastic minds. The meeting closed Sunday evening with the organizing an auxiliary to the Woman's Home Mission Society as a result of the meeting being held at Williston.

MR. HENDERSON ON FRUITS AND FLOWERS

Writes Interestingly on Subject of Their Influence.

SOME TIMELY SUGGESTIONS

Advises Public to Beware of Unscrupulous Tree Peddlers, As Thousands of Dollars Are Thrown Away Annually in This Direction.

Editor Sun: Your most valuable paper reaches the very best people in the county, but people who are sadly in need of information on the subject of fruits and flowers. I propose in a series of short articles in your valuable columns to give a few suggestions and warnings, which if followed will save thousands of dollars to your subscribers and and thousands of dollars to their wealth, health and happiness.

Florida has the name of "The Land of Fruits and Flowers," but a man coming from outside the State and traveling in almost any part of the State, especially in the country districts, would be sadly disappointed to find most of the homes almost destitute of both fruits and flowers. Now, why is this? This article will be devoted to partially answering this question.

First, I will say it is not because both fruits and flowers cannot be produced in the greatest varieties and abundance in almost any location in the State. Unreliable, ignorant and unscrupulous "free peddlers" have done more perhaps to retard the planting of fruits and flowers than any one cause. People have been swindled and humbugged so much, that they have become disgusted and will hardly talk to a man about buying nursery stock of any kind.

Since I have been in the country I have repeatedly warned the people, personally and through the press, about buying from unreliable traveling agents, and yet there is from $5,000 to $10,000 thrown away annually in this one county by buying from agents who are either ignorant or unscrupulous. I will give a few rules which, if followed, will save much of this loss. First: Never buy stock grown in a nursery outside of the State. Three things are necessary to make a good fruit tree agent, viz: He must be honest, he must represent a reliable nursery, and above all, he must know what is adapted to the particular locality where he is selling. Most failures are caused by buying the wrong varieties. However, many failures occur after the best varieties are bought, by ignorance or neglect in cultivation. It is a source of regret and shame to me to be compelled to say, that one of the most potent causes of the neglected homes in Florida is a general want of appreciation of the elevating, refining and educating influences of fruits and flowers in the home. I am sorry to say our Northern friends are far ahead of us in this respect. To know this, one has only to visit the beautiful homes on the East Coast. Everyone can't have a fine house to live in, but everyone can have a home beautified and enriched by fruits and flowers. We Southern people, as well as our Northern friends, are too much inclined to measure everything by the almighty dollar. Education, religion, refinement, character, cultivation, these cannot be bought with money nor measured by material things. Oh that parents could realize that money spent for fruits, flowers, and music, is money as well spent as money spent for bread and meat, or even education. In fact, it is a most potent part of a good education.

It does not take a very close observer to ride along the streets of a city or the roads in the country and point out the houses where the refined boys and girls spring from. It is possible for a close observer to tell the environment of the home by even the looks and conversation of the young people.

In a future article, I will point out some of the varieties of fruits and flowers that will always succeed with proper care in Florida.

F. P. Henderson.

THOMAS-ROLLINS.

Marriage of Two Popular Young People at Rochelle Sunday.

At 8 o'clock on the morning of October 28th, the home of Mr. and Mrs. Thomas, Rochelle, was the scene of one of the most perfectly charming house weddings it has ever been the happy privilege of the writer to witness, the occasion being the marriage of Miss Lillie, daughter of Mr. and Mrs. S. A. Thomas, to Benjamin H. Rollins of High Springs.

The lovely house was most beautifully and tastefully decorated with flowers and evergreens. At the appointed hour the family and guests assembled in the parlor. The bride and groom appeared, taking their place under a lovely arch of flowers and evergreens. The ceremony was performed in an impressive manner by Rev. E. B. Clark of High Springs.

The bride was becomingly attired in a white organdy traveling costume with hat to match, and was a picture of loveliness, while the groom wore the conventional black, and looked handsomer than usual.

After the happy couple were pronounced husband and wife and congratulations had gone around, an hour and a half had quickly glided by, and the time had come for the party to separate.

The bride and groom had soon said the good-byes, and amid showers of rice, old shoes and best wishes they took carriage to the train for their future home, High Springs, where the groom has extensive business interests.

The wedding was a very quiet one, only the near relatives of the family and a few close friends being invited.

The bride is well known, and her circle of friends too large to make it necessary to say more than that she was a most charming and popular young lady, loved by all who knew her.

The groom is a young man of eterling business qualities and principles, and whose integrity and standing as one of the foremost business men of his community is well known throughout that part of the State. He has a lovely home and an extensive business at High Springs.

The prospects for the future of this happy couple are unusually bright, and their happiness seems to be assured.

JUDGE CARTER TO OCALA.

Will Represent Defendants in Case of Doing Business Without License.

Judge Syd L. Carter left Wednesday for Ocala, where he was summoned to represent the defense in the case of the State vs. A. G. Reynolds, agent for the Wrought Iron Range Company of St. Louis, who is now soliciting business in Marion and Sumter counties.

The case is similar to that which transpired in this county with the same people. The trouble arises from the fact that Manager Reynolds refused to pay a county license, when one of his salesmen, Mr. Crouch, was arrested and imprisoned in the jail at Inverness. He immediately gave bond, however, and a writ of habeas corpus was secured through Judge Carter. The hearing will come before Judge Bullock at Ocala today.

Mr. Reynolds won out at the trial in this county.

HUNTING SEASON OPENS.

Today the Sportsmen Are Glad, and Many Have Gone to the Woods.

Today is the beginning of the game season, and many of the sportsmen who have been cleaning up their faithful fire-pieces for the past few days have hied themselves to the woods, where they hope to make big records.

A dozen hunting parties are ready to leave the city at dawn this morning, and The Sun may have some remarkable stories to relate upon their return.

Indications are that a great many sportsmen from the North will make their headquarters in Gainesville the coming season, as the hunting in this vicinity is very fine.

NEGRO IS HANGED BY TENNESSEE MOB

Had Killed Deputy Sheriff and Wounded Constable.

CAPTURED BY SHERIFF'S POSSE

Black Crapshooter Who Killed One Officer and Wounded Another Is Taken From Sheriff and Lynched by an Armed Mob.

Memphis, Tenn., Oct. 31.—George Estes, who shot and killed Deputy Sheriff Hinton Sasely and wounded Constable John Bowers, when the officers at Hale's Point, Tenn., about 70 miles north of this city, raided a crap game, in which the negro was participating, was taken from a sheriff's posse by an armed mob at that place and hanged.

The negro was in the custody of Seheriff Pennington and a force of deputies enroute to Ripley, the county seat, when overtaken by the mob. The sheriff and his posse used every means at their disposal to protect the negro, but were overpowered and the negro secured and executed. The mob then quietly dispersed.

Following the tragedy Estes was captured by members of the posse with Sasely and Bowers, who raided the crap game and was guarded in a negro cabin until the arrival of the sheriff and his posse.

Nashville, Tenn., Oct. 31.—White men of Fayette county, Tennessee, met Tuesday night at Somerville, to organize a "white man's league," for protection against a rumored uprising among the negroes. It is said a party of negroes has possession of eighty winchester rifles and that this fact is responsible for the movement. Politics and the approaching election has much to do with the agitation.

Negroes Form Ku Klux.

Nashville, Oct. 31.—A Brookhaven, Miss., dispatch says that as a result of the production of the "Clansman" in this city last week and threats circulated by whites that a ku klux klan was being organized here to drive the negroes from the community, the negroes are said to have formed themselves into a band of whitecaps and already have started a series of depredations on the whites. News has reached here from Bear Creek, in Lincoln county, that Bud Godbold, a young white farmer, was fired upon by negro whitecappers while riding through a lonely stretch of woods. His horse was killed, but Godbold escaped injury and escaped.

WILL GO TO ALACHUA.

Gainesville Woodmen Will Show Neighbors How to Put on Work.

The local lodge of Woodmen of the World, known as Alachua Camp No. 5, by special invitation, will proceed to Alachua on Monday afternoon, and on the evening of that day will exemplify the work of the order in the Second degree.

Council Commander Brooks, who is an enthusiastic Woodman well versed in the work, will head the team, and will be assisted by ten or a dozen members of Alachua camp. The team will leave Gainesville by private conveyance early in the afternoon, arriving at Alachua in time for supper. Returning, they expect to reach Gainesville about daylight.

Those who contemplate the trip are anticipating a good time and plenty of fun, as the good people of Alachua know how to entertain.

FOOTBALL FRIDAY.

Riverside Athletic Club and University Teams Will Come Together.

There will be a lively game of football tomorrow afternoon, when the Riverside Athletic Club of Jacksonville and the University of Florida teams will meet on the local gridiron. The game will be pulled off at the baseball park, and promises to be one of the most exciting and closely contested events of the season.

G. & G. OFFICIALS VISITED STARKE

Extension of the Line to Jacksonville Via Starke Discussed.

WANT CITIZENS TO HELP

By Donating the Territory of Right-of-Way—Officials Heartily Welcomed, and a Committee Appointed to Confer With Citizens.

The current issue of The Bradford County Telegraph, Starke, has the following which will prove of interest to readers of The Sun:

"Col. O. W. Pegee, chief engineer, and ex-Senator A. S. Mann, industrial agent of the G. & G. railroad, were here Monday prospecting for a route for the extension of the road from Hampson City or Graham to Jacksonville. In the evening a large party of the leading citizens of the town called on them at the Commercial Hotel and the matter was gone over very thoroughly. Messrs. Pegee and Mann made it very plain to the citizens that the railroad people must have the co-operation of the citizens of Starke and the territory through which the line will pass. Colonel Pegee stated that to come by Starke the length of the road would be somewhat increased—that there was a shorter way of getting to Jacksonville—and for this reason they felt that the people of the town and county along the proposed line from Graham to Jacksonville ought to give them right-of-way through their lands.

"A committee consisting of C. L. Peek, N. T. Ritch, J. G. Alvarez, E. S. Matthews, W. J. Griffin, A. A. Johns and D. M. Gornto was appointed by the meeting to see the citizens interested at once and ascertain what can be done toward securing the right-of-way.

"Definite action in the matter must be taken immediately as it is the purpose of the engineer to locate the line of the road within the next few days.

"It is hoped that no property owner concerned will stand in his own light, but will make every reasonable concession to have the road come to Starke. Competitive lines of railways is what we need to lower freight rates and build up our section of the State. If this road is built it will undoubtedly become a part of the great Southern Railway System and it will benefit every section it touches."

There is one time each year when the family of Sam J. Burnett and his relatives and closest friends have a joke on him.

That is the only time during the year.

This joke is his birthday—and the longer Sam lives the older he gets—that's the greatest joke of the entire program.

Mr. L. A. Jernigan asked The Sun reporter to say nothing about it—that is the age of Mr. Burnett—but stated that he, with other relatives, had been invited down to the fifty-sixth anniversary, and that he was hungry and knew his family would be, and that everything was ready, he supposed, to "fill him up" with turkey, chicken, and everything else good to eat.

Which he did.

RUNAWAY HORSE LOST HIS LIFE

After Demolishing Wagon Fell Through a Trestle.

PROPERTY OF MERCHANT & CO.

Was a Valuable Animal and Purchased Only a Few Days Ago—Narrow Escape of Fraser Merchant, the Occupant of the Wagon.

As the result of a runaway on the North Gainesville rock road Monday afternoon, Fraser Merchant narrowly escaped serious injury, and probably death, while the valuable horse attached to the Merchant delivery wagon, and which Mr. Merchant has owned only a few days, is dead and the wagon demolished.

Young Merchant was sent to North Gainesville with a load of groceries. These were delivered, and upon the return some school children raised an umbrella in the road in front of the horse, which frightened the animal. When he made a sudden plunge, and when young Merchant attempted to check him up the reins broke, which gave the animal full sway.

Fraser lost no time in getting out of the wagon, and just as he jumped from the rear the vehicle came in contact with a tree, partly damaging the wagon. The horness broke and the horse was detached from the wagon at this time. Upon reaching the Gainesville and Gulf rai road he dashed madly up the track for a couple of hundred yards into a trestle, and from the injuries received in falling through the trestle death resulted instantly.

Friends of the firm sympathize in the loss of this animal, which was regarded as one of the most valuable delivery horses in the city.

HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure—Sold Under Guarantee.

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, tickling and dropping at the back of the throat, especially at night, coughing spasms, etc., begin the use of Hyomei at once.

Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation there may be in the mucous membrane. It is easy and pleasant to use Hyomei, pleasanter than most of the stomach dosing, as its healing air is breathed through a neat pocket inhaler, which can be carried in the purse or vest-pocket, and carries medication to just the spot where relief is needed.

The complete Hyomei outfit costs but $1, extra bottles, if needed, 50 cents, and J. W. McCollum & Co. give their personal guarantee with every package that money will be refunded unless the treatment cures. This shows their faith in the power of Hyomei to cure catarrh.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject, It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are NOW OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

MR. PERRYMAN'S HARD LUCK.

Had a Fall in Which Three Ribs Were Broken and Other Injuries Received.

W. R. Perryman of Meredith was in the city Tuesday.

Mr. Perryman has recently passed through a great ordeal, having two of his ribs fractured and another broken in endeavoring to mount a moving locomotive a few days ago. His neck and shoulders were badly wrenched, and he was laid up for several days, but is all right again, having been enabled to make the trip to Gainesville alone.

Mr. Perryman is a track foreman of the tramway of Phillips & McEachern, Meredith, and had been out looking for the interests of the firm. He learned that his baby was ill, and naturally was desirous of returning home. When the engine passed the point where he was waiting he made a jump which caused the trouble, as the force threw him back with such force that it caused the trouble mentioned.

TRIBUTE TO MR. ENGLISH.

One of Alachua County's Best Citizens and Who Passed Away Oct. 12.

D. T. English, one of the oldest and most respected citizens of the Tacoma vicinity, died at his home on October 12th.

For several months Mr. English's eyes had been affected in a way that caused frequent passages of blood. Several times his urine was examined by Dr. Montgomery, Sr., and Dr. Montgomery, Jr., but nothing showing the cause of the hemorrhage could be found.

His condition would yield to treatment for a short time, then worse conditions would manifest themselves.

In May Mr. English went to Georgia, where he remained several weeks, and improved in general health, but it was of slight duration. One week before his death he was taken with an intense bilious fever, during which attack, in addition to Dr. Montgomery Sr., he was seen by Dr. Price and Dr. McKinstry, Sr., of Gainesville. His fever seemed to have been controlled and his general condition much improved until twenty-four hours before his death. His heart showed signs of failure which no remedy seemed able to counteract. From the beginning of his sickness he seemed to be impressed with the belief that he would never recover.

Deceased was a man of noble example in every particular. Hard working, honest and moral, unusual in his majestic appearance, no one could help being impressed with his splendid personage when in his presence. Tacoma has lost a worthy, noble citizen.

An excellent family consisting of a wife, four sons, and seven daughters, still survive him.

To live, to labor and to die is the common lot of us all—tears nor sorrows cannot benefit the dead, but while we have opportunity we ought to be good to one-another.

A FRIEND.

Most people know that if they have been sick they need *Scott's Emulsion* to bring back health and strength.

But the strongest point about *Scott's Emulsion* is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

Remember that next Tuesday is election day. Go to the polls and vote for the Democratic nominees.

Editor Frank Harris of The Ocala Banner is a grandfather. The entire state press extends congratulations.

The administration can get even with the Dutch, who are said to have stolen one of the Philippine Islands, by making them keep it.

If, as Mr. Bryan says, "there are Democrats in every nation on earth," why not arrange a home-coming day for Democrats about 1908?

California had its earthquake and Florida its hurricane. Probably we shall be treated to a joint debate soon, as to which of these methods is the better for harvesting the crop.

The Sun has had its say relative to the drainage amendment, and the question is now up to the people. Not a line that has appeared in this paper has been paid for. Every expression has been the honest opinion of the editor, and any statement to the contrary is an infamous lie, no matter from what source it emanates. If the taxpayers desire the adoption of the amendment it is in their power to adopt it, and they will have no one to blame but themselves for future results.

What a handy man Mr. Cortelyou must be. He is not only postmaster-general, but as chairman of the Republican National Committee spends most of his time in New York managing the Republican campaign, and, no doubt, drumming up the trust and corporation magnates for subscriptions to the campaign fund. To reward him for this double duty of attending to the public business and partisan activity, President Roosevelt has determined, it is said, to appoint him secretary of the Treasury. And yet some Democrats are unwise enough to believe that this is a non partisan administration and that civil service reform is its guiding star.

WORK OF STATE AUDITOR.

The Tallahassee Sun of October 20th contains a very timely and interesting article showing the good work of the State Auditor. According to The Sun the State Auditor saved to the counties during the twelve months ending June 30, 1905, the sum of $14,000, at an expense of $3,750.

No report is given by The Sun for the year ending June 30, 1906, and as the expenses of the office have been about doubled during that period the people would like to know if results have been commensurate therewith.

The Sun says the $14,000 saved the people was due to clerical errors made by county officials, which were discovered by the State Auditor upon an examination of the books. Well, now, what the taxpayers of the counties would like for the State Auditor to do, is to go a little further and make a thorough examination of the State offices—especially the tax redemption department. In this way he may save considerably more than $14,000 to the counties. There is a general impression that the Comptroller is not treating the counties fairly in remitting for lands sold at tax sale and thereafter redeemed or sold to purchasers of certificates, and we believe the complaint is well founded. The State is not now—or at least should not be—to much expense in the redemption of lands, for the great burden in this line has been shifted from the Comptroller's office to that of the clerk of the circuit court, but no difference is observable in the proportion remitted to the counties.

We will cite one of many instances from Alachua county: In March last, Clerk Samuel H. Wienges remitted to the Comptroller $1,145.10 derived from the redemption and sale of tax certificates. Of this sum $277.96 was principal on years omitted from the tax books and $52.69 interest on same. On this $330.65 the State had incurred absolutely no expense, but of the total of $1,145.10 the Comptroller returned to the clerk as the county's proportion only $438.65, notwithstanding that the rate of taxation for county purposes is about two-thirds that levied for both State and county.

Now, where is the justice in this? And by what mathematical problem does the Comptroller make the division?

Will the State Auditor kindly investigate and let the people know? In this connection he may save to the taxpayers of the counties many times fourteen thousand dollars.

HOW TO ADVERTISE GAINESVILLE.

There is no better way in which to advertise your town and county than to send The Sun to persons residing in other States. A year ago a gentleman of this city sent his check to the editor of The Sun to pay for a number of subscriptions to the semi-weekly edition, requesting particularly that the papers be sent to persons residing in the West and Northwest.

The following is only one of several similar letters received from persons to whom the paper was sent, but none is more appreciated. Mr. Wheeler is secretary of the Washtenaw County Bean Growers' Association of the American Society of Equity, Dexter, Michigan, and his letter shows that the editor of The Sun made no mistake in selecting him as one of the persons to whom the paper should be mailed:

"Dexter, Mich., Oct. 23, 1906.

"Editor Sun: Inclosed find $1 in payment for twice-a-week edition.

"Yours truly,
"K. H. WHEELER.

"The above name has been on your subscription book for a year, and for that length of time The Sun has been a very welcome visitor to our home. We know not who was so kind as to send it to us for so long a time, but we do know we never had a gift more appreciated, and any information in regard to the donor would be appreciated. At first we thought it only a sample copy, not noticing the name particularly, but when the second copy came we saw it was a gift from some friend. We wrote several persons, but failed to learn who sent so good a paper, and every week we have been delighted with it.

We were unacquainted with the State of Florida a year ago, and twice a week we got the Atlas and studied geography, for we had no idea there was such a place as Gainesville on the earth. Now we feel quite familiar with the places usually mentioned in The Sun, and have even grown to know people whose names appear more than once. The Sun has a very pleasing way of mentioning common-place things. We like it very much, and although we have twelve other papers coming to our reading table, "The Little Gainesville," as we affectionately term it, is never overlooked. No matter how pleasing other matters may be, we read The Sun. Mrs. K. H. W. had just returned from a trip to Chattanooga, Tenn., when The Sun first came. She had intended going farther South, but when the health officer met her on board "The Flyer" at Oakdale, Tenn., and demanded her health certificate, she was thoroughly frightened and got off at the first stop. She dared not travel any farther toward Yellow Jack. I have planned to visit Florida before spring, having caught the fever from reading The Sun. If I should find my way to your office some bright day I will extend to you a hand that has been an F. and A. M. for 30 years and a Maccabee for over fifteen. From what I can glean from The Sun I feel as if I was coming among friends. Mrs. K. H. thinks she would like to correspond with some one in LaFayette county, for she says she will want to stay longer than just one season.

Hoping to be able to read "The Little Gainesville" for another year, I am

"Fraternall yours,
"K. H. WHEELER."

ADDRESS TO DEMOCRATS.

It is Very Important That a Large Vote Be Polled.

Jacksonville, Fla., Oct. 26, 1906.

To the Democrats of the Second District:

Bills are pending in Congress to cut down the representation of Southern States, the Republicans, who advocate these bills, claiming that the vote cast for Congressmen is out of proportion to the population. The Democratic candidate for Congress from this district, Hon. Frank Clark, has little opposition and the committee has decided an active speaking campaign unnecessary. It is, however, of the greatest importance to the people that the largest possible vote be polled in every county of the district.

Your committee takes this method of urging every Democrat not only to cast his own vote on election day, but to see that every other Democrat in each election precinct comes to the polls. It is only in this way can the State of Florida best protect itself from the cutting down of its representatives, should any of these bills be passed by Congress. P. A. HOLT,
Chairman Second District, Congressional Committee.
JESSE E. BURTZ, Secretary.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent of St. Albans, W. Va., when his little daughter was restored from the dread- ful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment, but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles ef- fected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impov- erished blood and malaria. Guaran- teed by all drug stores. Price, 50c.

TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work.

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

A BIG RALLY DAY.

Enormous Sum of $145 Was Sub- scribed by Small Church.

Editor Sun: Please allow me space in your valuable columns to express some of the efficient work done by Rev. J. M. Trammell, pastor of M. E. Church, and his committees and ener- getic people here. The Reverend White delivering a discourse on giving to the Lord swayed so much influence over the minds of his hearers that they were so enthused they soon swelled the collection th $145.00.

According to public sentiment and report of committee, this breaks the record of any previous year for Rally Day. I, as an eye witness to the fact, have never seen any more enthusiasm shown on any occasion than was shown at that rally. Surely the people of Nebo, with the efficient pastor at its head, are among the most energetic and enterprising people in Alachua county.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all win- ter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.,' Sold by W. M. Johnson.

Fear Disturbances.

Warsaw, Oct. 30.—Fears that dis- turbances will occur Tuesday, the an- niversary of the publication of the im- perial manifesto giving a constitution to Russia, have led to the adoption of vigorous measures by the authorities. Strong detachments of Cossacks and infantry will patrol the streets with orders to suppress the slightest at- tempts at making demonstrations.

HIGH SPRINGS NEWS.

Evangelist Scuddy Arousing the Peo- ple—Sad Death of Little Girl.

High Springs, Oct. 29.—The revival meeting conducted by Evangelist Scuddy of Texas is resulting in much good to the community. His methods are peculiar, in that he appeals to the reason and judgment of his hearers more than to their emotions. The church members are aroused as never before to a sense of their obligations and duties to God and the church.

A very sad death occurred here a few days ago, that of Olie Cox, the ten-year-old daughter of Mr. and Mrs. P. D. Cox. She was a very bright lit- tle girl, and a favorite with all who knew her. Two other children of the family are critically ill.

Mrs. Martha McCall, widow of the late W. W. McCall of Jacksonville, is sick at her home in High Springs with an attack of grippe.

A girl baby was born to Mr. and Mrs. George Bryant on Friday last.

J. C. Newberry, formerly of High Springs but now a resident of Birming- ham, Ala., is in town on business con- nected with his property here. He is a very enterprising man and has done a great deal for the development of High Springs. His friends greet him with pleasure after an absence of two years.

Mr. and Mrs. Gene Gramling of At- lanta have come to spend the winter in High Springs.

E. B. Godwin of Paradise attended the revival services here on Sunday, and lent his very fine voice to the sup- port of the choir.

W. E. Dow was shaking hands with friends here a few days ago.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Or- ino is more effective than pills or or- dinary cathartics. Refuse substitutes. J. W. McCollum & Co.

MISS DUDLEY AT HASTINGS.

Young Lady of Alachua County Proud of Her School in St. Johns.

Miss Mary C. Dudley of Jonesville, this county, who is now engaged in teaching school at Hastings, St. Johns county, writes The Sun, enclosing a dollar for subscription: "I feel very grateful for the success of the school here, of which I am principal," she says, "because we have 125 pupils, and the deportment is excellent."

Friends of Miss Dudley will be pleased to learn that she is having fine success as a teacher.

Letter to John C. Evans, Gainesville, Fla.

Dear Sir: We asked City Drug Co., Crystal Springs, Miss., to sell Devoe. They wanted to know, of their own knowledge, how it compared with an- other paint they knew all about—it was sold right there, and considered good.

They painted the house of W. B. McCluney two coats on purpose to test the two paints against one-another; one coat Devoe 6 gallons; the other coat that other paint 10 gallons. Dif- ference $20; $7 for paint, $13 for labor.

But the standard for paint has been low all through the Southwest. That paint is thin; it is, you see, six-tenths of a paint. Devoe saves $20 over it on half a small job.

It is a case of local best compared with actual best. Yours truly,

A LARGE CROWD ATTENDED FUNERAL

Of Walter G. Robinson at Presbyterian Church Monday.

THE SERVICE WAS IMPRESSIVE

Was Attended in Body by Gainesville Lodge, B. P. O. E., of Which Deceased Was a Member—Remains Shipped to Providence, R. I.

The funeral services over the remains of Hon. Walter G. Robinson, the sad death of whom occurred at his home on South Pleasant street Saturday afternoon, were held at the First Presbyterian Church at one o'clock Monday afternoon, Rev. Thos. P. Hay officiating assisted by Rev. F. H. Carighill, rector of Holy Trinity Episcopal Church.

The church upon this occasion was crowded with sorrowing relatives and friends, as a testimonial of the popularity of the deceased. The services were attended by Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, of which deceased was a prominent and influential member.

The casket was a handsome one, copper lined, full drapery, with solid silver trimmings.

The floral decorations were in profusion, and very handsome. One specially attractive design was that furnished by the Elks, being a pillow of American Beauty roses set in white chrysanthemums, fringed with Marechael Neil roses. The design was made especially for Gainesville lodge by Mills, the florist, of Jacksonville.

The active pall-bearers were Col. I. E. Webster, A. M. Cushman, F. D. Warner, J. E. Wainwright, B. F. Hampton, H. E. Taylor. The honorary pall-bearers, Hon. Henry S. Chubb, Geo. K. Broome, J. D Matheson, J. I. Doig, G. S. Merchant, J H. Vidal, E. D. Turner, Ferd Bayer, W. R. Thomas, C. A. Colclough, R. E. Davis, L. J. Burkhim, L. J. Clyatt, J. M. Dell, Phillip Miller and L. C. Lynch.

During the service at the church the choir sang two beautiful hymns, "Jesus, My Saviour, Look On Me," and "Jesus, Lover of My Soul."

At the conclusion of the church service the remains were taken to the Seaboard Air Line depot, where they were escorted by the Elks and a large cortege of friends and citizens. They were shipped to Providence, R. I., the former home of deceased, where the interment will be made. Lewis E. Robinson of Providence, a brother of the deceased, and C. W. Chase, accompanied the remains.

As a recognition of their loyalty to the man in the employ of whom they so long remained, a space was reserved in the church for servants and mill hands, many of whom attended the service and were apparently very much affected.

Col. Robinson's Career.

No citizen of Gainesville had a more useful business and commercial career than Col. Robinson. Always active and generous in every movement for the advancement and upbuilding of the community; always willing and ready to assist in any enterprise or charitable cause, he was a man admired for his energy and loyalty to his city and his friends. For a quarter of a century, about, he has been actively engaged in business here, being a member of the firm of H. F. Dutton & Co., and manager of the cotton department of that firm. He was regarded as one of the few Sea Island cotton experts of this country, and kept at all times well posted, hence was authority. He has not been quite so active for the past few years, however, owing to failing health.

From a political standpoint, few men in Florida were more widely known than Col. Robinson. In the Republican ranks of the State he was a recognized power, and has for several years held the honored and trusty position of register in the United States land office. Notwithstanding his politics, for years he represented the people of Gainesville as a member of the City Council, a greater part of which time he was president of the board. He could have retained his position as long as he was willing, but was compelled to relinquish this honor on account of declining health.

Deceased was at the time of his death and had been for several years, chairman of the Republican Executive committee of the Second Congressional District of Florida. He was a Presidential elector on the Harrison ticket in 1888, and a candidate for State treasurer on the Republican ticket in 1900. He was a delegate to the Republican National convention in 1900 and 1904.

To the bereaved sister and brothers, as well as other relatives, the people of Gainesville extend their sincere sympathy.

G. B. Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." High School Department Full.

Mr. McBeath, principal of the Gainesville Graded and High School, informs The Sun reporter that the enrollment has now reached 460, and that every desk in the High School department is taken and all available floor space occupied. It will therefore not be possible to admit any more pupils to the High School department until additional teaching force and room have been provided.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

MELROSE NOTES.

Cotton Crop Away Short—Big Success of Canning Factory.

Melrose, Oct. 29.—A box supper will be given at the town hall on the evening of November 2nd, the proceeds to be used for the purchase of an organ for the school house. All are cordially invited.

Dr. Julian of St. Louis, Mo., is visiting his father, Rev. W. Julian, for a few days.

W. W. Lee, P. Lee and H. Sutton are doing jury duty at Green Cove Springs this week.

Rev. Sistrunk has gone to McRae to hold revival meetings.

N. Price reports that the cotton supply seems to be about fifty per cent short compared with last year. So far only fifty bales have been ginned. Mr. Price has been very successful with his canning industry. He canned 10,500—mostly three-pound cans, 4,500 cans of tomatoes and 6,000 cans of peaches, all of which have been sold already.

COUNTY TAX BOOKS.

Having Been Received and Accepted Now in Hands of Collector.

The tax books for 1906, having been received and approved by the Board of County Commissioners, the same have been turned into the custody of County Tax Collector W. D. Dickinson, who is now ready to receive tax money and issue receipts.

W. L. Smith, a progressive planter of LaCrosse, has the distinction of holding the first property receipt of the county, while Prof. W. N. Sheats, now at Tallahassee, paid the first poll.

Collector Dickinson stated Monday that occupational license taxes have been coming in rather lively during the month, but still there are a great many to be issued. These taxes were due on October 1. Collector Dickinson will begin on November 1 the compiling of a list of all delinquents. These delinquents will be reported to the State Attorney for his action, and those who do not want their names to be presented should pay their occupational tax at once.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

Twentieth Century Club.

The Twentieth Century Club met at the home of Mrs. C. A. Colclough, Monday, Oct. 29th. There was a full attendance and after the business meeting a delightful literary program was rendered, Mrs. Colclough being leader. The roll-call was responded to by members with quotations from Chaucer.

Mrs. Foster read a most instructive and interesting paper on "Early Anglo-Saxon History."

The two Kinnebrew children delighted the club with two songs.

Mrs. Denby concluded the meeting with a most instructive magazine article.

The meeting adjourned to meet with Mrs. Dale the second Monday in November.

OPERATIONS AVOIDED

Two Grateful Letters from Women Who Avoided Serious Operations.—Many Women Suffering from Like Conditions Will Be Interested.

When a physician tells a woman, suffering from female trouble, that an operation is necessary it, of course, frightens her.

The very thought of the operating table and the knife strikes terror to her heart. As one woman expressed it, when told by her physician that she must undergo an operation, she felt that her death knell had sounded.

Our hospitals are full of women who are there for just such operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Lydia E. Pinkham's Vegetable Compound after the doctors had said an operation must be performed. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

The strongest and most grateful statements possible to make come from women who, by taking Lydia E. Pinkham's Vegetable Compound, have escaped serious operations.

Margrite Ryan, Treasurer of St. Andrew's Society, Indianapolis, Ind., writes of her cure as follows:

Dear Mrs. Pinkham:—

"I cannot find words to express my thanks for the good Lydia E. Pinkham's Vegetable Compound did me. The doctor said I could not get well unless I had an operation for the trouble from which I suffered. I knew I could not stand the strain of an operation and made up my mind I would be an invalid for life. Hearing how Lydia E. Pinkham's Vegetable Compound had saved other [illegible] from serious operations I decided to [illegible] and in less than four months I was [illegible] cured; and words fail to express my [illegible] fulness."

Miss Margret Merkley, of 27[illegible] Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervous[illegible] severe shooting pains through the [illegible] organs, cramps, bearing-down pains, [illegible] irritable disposition compelled me [illegible] medical advice. The doctor, after [illegible] an examination, said that I had a [illegible] female trouble and ulceration, and [illegible] operation as my only hope. To this I [illegible] objected—and I decided as a last resort [illegible] Lydia E. Pinkham's Vegetable C[illegible]

"To my surprise the ulceration [illegible] the bad symptoms disappeared, and I [illegible] more strong, vigorous and well; and [illegible] not express my thanks for what it has [illegible] for me."

Serious feminine troubles are [illegible] ly on the increase among women [illegible] before submitting to an op[illegible] every woman should try Lydia [illegible] Pinkham's Vegetable Compound, [illegible] write Mrs. Pinkham at Lynn, [illegible] for advice.

For thirty years Lydia E. Pinkham's Vegetable Compound has been curing the worst forms of female complaints, all functional troubles, inflammation, ulceration, falling and displacements, weakness, irregularities, indigestion and nervous prostration. Any woman who could read the many grateful letters on file in Mrs. Pinkham's office would be convinced of the efficiency of her advice and Lydia E. Pinkham's Vegetable Compound.
